Introduction	ix
--------------------	----

Chapter 1: Getting Started in CINEMA 4D

What is CINEMA 4D Lite and CINEWARE?	2
Creating a CINEMA 4D File	4
Modeling in CINEMA 4D Lite	9
Applying Materials in CINEMA 4D Lite	13
Moving Around in CINEMA 4D Lite	16
Adding Lights in CINEMA 4D Lite	20
Animating in CINEMA 4D Lite	24
Rendering in After Effects	30

Chapter 2: Modeling in CINEMA 4D

The CINEMA 4D Workflow	34
Modeling with Primitives	35
Generating Objects with NURBS	46
Defining Surface Properties	55
Lighting a Scene	64
Working with Cameras	67
Adding Visual Effects and Rendering	71

Chapter 3: 3D Camera Tracking and Compositing with CINEWARE

○ CINEWARE Render Settings	76
○ Using the 3D Camera Tracker in After Effects	78
○ Compositing a 3D Object with CINEWARE	81
○ Exporting a CINEMA 4D file from After Effects	89
○ Using Null and Camera Objects in CINEMA 4D	94

Chapter 4: Casting Shadows Using Layers with CINEWARE

○ Lights and Shadows in CINEMA 4D	106
○ Creating a Shadow Catcher in After Effects	109
○ Adding Shadows in CINEMA 4D	113
○ Setting Up Layers and Compositing Tags	122
○ Compositing Layers with CINEWARE	125

Chapter 5: Lighting Effects

○ Seeing the Light	130
○ Adding Volumetric Lighting	132
○ Mixing Color with Lights	147
○ Combining 2D and 3D Effects	161

Chapter 6: Materials and Shaders in Motion

○ What are Shaders?	168
○ Using Volumetric Shaders	170
○ Product Placement with Alpha Channels	182

○ Animating Materials with Noise Shaders	194
○ Optimizing a CINEMA 4D Scene	205

Chapter 7: Working with Cameras in CINEMA 4D and CINEWARE

○ Cameras in CINEMA 4D and CINEWARE	210
○ Using Camera Layers in After Effects	212
○ Attaching a Target Camera to a Spline	224
○ Controlling Multiple Cameras in CINEWARE	232
○ Adding a Stage Object to Change Cameras	237

Chapter 8: Multi-Pass Rendering with CINEWARE

○ Rendering in CINEMA 4D Lite	242
○ Creating Shadows with Ambient Occlusion	244
○ Setting Up Multi-Pass Rendering	247
○ Adding an Object Buffer	250
○ Compositing Multi-Pass Layers in CINEWARE	252

Chapter 9: Beyond CINEMA 4D Lite

○ Upgrading from CINEMA 4D Lite	258
○ Modeling with Points, Edges, and Polygons	260
○ Exploring MoGraph Objects in CINEMA 4D	275
○ Animating with Sound Effectors	286
○ Adding Dynamics to a Scene	289
○ Index	295
