GETTING STARTED

About Classroom in a Book®	1
Prerequisites	1
Installing the program	2
Fonts used in this book	2
Online content	2
Lesson files	2
Web Edition	3
Accessing the lesson files and Web Edition	3
Restoring default preferences	4
To delete or save the current Illustrator preferences file	4
To restore saved preferences after completing the lessons	5
Additional resources	5
Adobe Authorized Training Centers	5

WHAT'S NEW IN ADOBE ILLUSTRATOR CC (2018 RELEASE)

New Properties panel	6
Puppet Warp tool	7
Artboard Improvements	7
Variable fonts	7
Enhanced export experience	8
Add and share text assets using Creative Cloud libraries	8
Other enhancements	9

A QUICK TOUR OF ADOBE ILLUSTRATOR CC (2018 RELEASE)

Getting started	12
Creating a new document	12
Drawing a shape	13
Editing shapes	14
Applying and editing color	15
Editing strokes	16

Working with layers	16
Transforming artwork	17
Creating a blend	19
Drawing with the Pencil tool	20
Creating shapes using the Shape Builder tool	22
Placing an image in Illustrator	23
Using Image Trace	24
Creating and editing gradients	25
Working with type	26
Aligning artwork	29
Working with brushes	29
Working with symbols	30
Working with effects	31

1 GETTING TO KNOW THE WORK AREA

Introducing Adobe Illustrator	34
Starting Illustrator and opening a file	35
Exploring the workspace	36
Getting to know the Tools panel	37
Working with the Properties panel	40
Working with panels	42
Docking panels	43
Switching workspaces	45
Saving a workspace	46
Using panel and context menus	47
Changing the view of artwork	49
Using view commands	49
Using the Zoom tool	50
Scrolling through a document	52
Viewing artwork	53
Navigating artboards	55
Using the Artboards panel	57
Arranging multiple documents	58
Finding resources for using Illustrator	60

2	TECHNIQUES FOR SELECTING ARTWORK	62
	Starting the lesson	64
	Selecting objects	65
	Using the Selection tool	65
	Using the Direct Selection tool	67
	Creating selections with a marquee	68
	Hiding and locking objects	70
	Selecting similar objects	71
	Selecting in Outline mode	72
	Aligning objects	73
	Aligning objects to each other	73
	Aligning to a key object	74
	Aligning anchor points	74
	Distributing objects	75
	Aligning to the artboard	76
	Working with groups	78
	Grouping items	78
	Editing a group in Isolation mode	79
	Creating a nested group	80
	Exploring object arrangement	81
	Arranging objects	81
	Selecting objects behind	81
3	USING SHAPES TO CREATE ARTWORK FOR A POSTCARD	84
	Starting the lesson	86
	Creating a new document	86
	Working with basic shapes	88
	Creating and editing rectangles	88
	Rounding corners	89
	Working with the Rounded Rectangle tool	92
	Creating and editing ellipses	94
	Changing stroke width and alignment	95
	Creating and editing a circle	96
	Creating polygons	97
	Editing the polygons	98
	Creating a star	100
	Drawing lines	101

Working with the Shaper tool	103
Drawing shapes with the Shaper tool	103
Punching and combining shapes with the Shaper tool	104
Using Image Trace	106
Working with drawing modes	108
Using the Draw Inside mode	109
Working with Draw Behind mode	111
Finishing up	112

4 EDITING AND COMBINING SHAPES AND PATHS 114

Starting the lesson	116
Editing paths and shapes	117
Cutting with the Scissors tool	117
Joining paths	119
Cutting with the Knife tool	120
Outlining strokes	123
Using the Eraser tool	124
Creating a compound path	127
Combining shapes	129
Working with the Shape Builder tool	129
Combining objects using Pathfinder effects	131
Creating the trailer	134
Reshaping a path	134
Using the Width tool	135
Finishing up the illustration	137

5 TRANSFORMING ARTWORK 140

Starting the lesson	142
Working with artboards	143
Adding artboards to a document	143
Editing artboards	145
Aligning artboards	146
Renaming artboards	147
Reordering artboards	148
Working with rulers and guides	149
Creating guides	150
Editing the ruler origin	151

Transforming content	153
Working with the Bounding Box	153
Positioning artwork using the Properties panel	154
Scaling objects	154
Reflecting objects	156
Rotating objects	158
Distorting objects with effects	160
Transforming with the Free Transform tool	161
Shearing objects	163
Using Puppet Warp	164

6 CREATING AN ILLUSTRATION WITH THE DRAWING TOOLS 168

Starting the lesson	170
An intro to drawing with the Pen tool	171
Selecting paths	172
Drawing straight lines with the Pen tool	174
Introducing curved paths	175
Drawing a curve with the Pen tool	177
Drawing a series of curves with the Pen tool	178
Converting smooth points to corner points	179
Combining curves and straight lines	181
Creating artwork with the Pen tool	183
Drawing a coffee cup	184
Drawing with the Curvature tool	188
Editing curves	190
Reflecting the spoon shape	190
Rounding corner points	191
Editing paths and points	191
Deleting and adding anchor points	193
Converting between smooth points and corner points	194
Working with the Anchor Point tool	195
Creating a dashed line	196
Adding arrowheads to a path	197
Working with the Pencil tool	198
Drawing freeform paths with the Pencil tool	198
Drawing straight segments with the Pencil tool	199
Joining with the Join tool	201

7 USING COLOR TO ENHANCE SIGNAGE 204

Starting the lesson	206
Exploring color modes	207
Working with color	208
Applying an existing color	208
Creating a custom color	209
Saving a color as a swatch	210
Creating a copy of a swatch	211
Editing a global swatch	212
Editing a non-global swatch	214
Using the Color Picker to create color	216
Using Illustrator swatch libraries	217
Adding a spot color	217
Creating and saving a tint of a color	219
Converting colors	220
Copying appearance attributes	220
Creating a color group	221
Creative inspiration with the Color Guide panel	222
Editing a color group in the Edit Colors dialog box	224
Editing colors in artwork	227
Assigning colors to your artwork	229
Working with Live Paint	233
Creating a Live Paint group	233
Painting with the Live Paint Bucket tool	234
Modifying a Live Paint group	235

8 ADDING TYPE TO A POSTER 238

Starting the lesson	240
Adding type to the poster	241
Adding text at a point	241
Adding area type	242
Working with Auto Sizing	243
Converting between area type and point type	244
Importing a plain-text file	245
Threading text	246
Formatting type	248
Changing font family and font style	248

Fixing missing fonts	252
Changing font size	252
Changing font color	253
Changing additional character formatting	254
Changing paragraph formatting	255
Working with Glyphs	256
Modifying text with the Touch Type tool	256
Resizing and reshaping type objects	258
Creating columns of text	259
Reshaping type objects	259
Creating and applying text styles	260
Creating and applying a paragraph style	260
Editing a paragraph style	262
Creating and applying a character style	262
Editing a character style	264
Sampling text formatting	264
Wrapping text	265
Warping text	266
Reshaping text with a preset envelope warp	266
Editing the envelope warp	267
Working with type on a path	268
Creating type on a path	268
Creating type on a closed path	270
Creating text outlines	271
Finishing up	272

9 ORGANIZING YOUR ARTWORK WITH LAYERS 274

Starting the lesson	276
Understanding layers	277
Creating layers and sublayers	278
Creating new layers	278
Creating sublayers	280
Editing layers and objects	281
Locating layers	281
Moving content between layers	282
Viewing layers	284
Reordering layers	286
Collecting into a new layer	288

Duplicating layer content	289
Pasting layers	291
Changing layer order	293
Applying appearance attributes to layers	294
Creating a clipping mask	295

10 GRADIENTS, BLENDS, AND PATTERNS 298

Starting the lesson	300
Working with gradients	301
Applying a linear gradient to a fill	301
Editing a gradient	302
Saving a gradient	303
Adjusting a linear gradient fill	304
Applying a linear gradient to a stroke	306
Editing a gradient on a stroke	306
Applying a radial gradient to artwork	308
Editing the colors in the radial gradient	309
Adjusting the radial gradient	310
Applying gradients to multiple objects	311
Adding transparency to gradients	312
Working with blended objects	314
Creating a blend with specified steps	314
Modifying a blend	315
Creating and editing a smooth color blend	317
Painting with patterns	319
Applying an existing pattern	319
Creating your own pattern	320
Applying your pattern	323
Editing your pattern	323

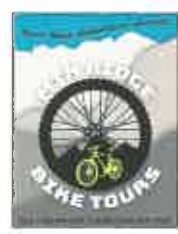

11 USING BRUSHES TO CREATE A POSTER 326

Starting the lesson	328
Working with brushes	329
Using Calligraphic brushes	329
Applying a Calligraphic brush to artwork	329
Drawing with the Paintbrush tool	331
Editing paths with the Paintbrush tool	332
Editing a brush	333

Removing a brush stroke	334
Using Art brushes	335
Applying an existing Art brush	335
Creating an Art brush using a raster image	336
Editing an Art brush	338
Using Bristle brushes	339
Changing Bristle brush options	339
Painting with a Bristle brush	340
Using Pattern brushes	343
Creating a Pattern brush	344
Applying a Pattern brush	346
Editing the Pattern brush	346
Working with the Blob Brush tool	348
Drawing with the Blob Brush tool	348
Merging paths with the Blob Brush tool	350
Editing with the Eraser tool	351

12 EXPLORING CREATIVE USES OF EFFECTS AND GRAPHIC STYLES 354

Starting the lesson	356
Using the Appearance panel	358
Editing appearance attributes	359
Adding another stroke and fill to artwork	361
Adding another stroke and fill to text	363
Reordering appearance attributes	365
Using live effects	366
Applying an effect	366
Editing an effect	368
Styling text with a Warp effect	369
Editing text with a Warp effect	370
Applying the Offset Path effect	371
Applying a Photoshop effect	372
Working with 3D effects	373
Using graphic styles	373
Applying an existing graphic style	374
Creating and applying a graphic style	375
Updating a graphic style	376

Applying a graphic style to a layer	378
Scaling strokes and effects	379

13 CREATING ARTWORK FOR A T-SHIRT 382

Starting the lesson	384
Working with symbols	385
Using existing Illustrator symbol libraries	385
Editing a symbol	387
Working with dynamic symbols	388
Creating a symbol	389
Duplicating symbols	391
Replacing symbols	392
Breaking a link to a symbol	393
Working with Creative Cloud libraries	395
Adding assets to CC libraries	395
Using library assets	398
Updating a library asset	399

14 USING ILLUSTRATOR CC WITH OTHER ADOBE APPLICATIONS 402

Starting the lesson	404
Combining artwork	405
Placing image files	406
Placing an image	406
Transforming a placed image	407
Cropping an image	408
Placing a Photoshop image with Show Import Options	410
Placing multiple images	412
Masking images	414
Applying a simple mask to an image	414
Editing a clipping path (mask)	415
Masking an object with text	417
Creating an opacity mask	418
Editing an opacity mask	420
Working with Image links	422
Finding link information	422
Embedding and unembedding images	423
Replacing a linked image	424

Packaging a file	425
Creating a PDF	426
15 EXPORTING ASSETS	428
Starting the lesson	430
Creating Pixel-Perfect Drawings	431
Aligning new artwork to the pixel grid	431
Aligning existing artwork to the pixel grid	433
Exporting artboards and assets	435
Exporting artboards	435
Exporting assets	437
Creating CSS from your design	440
Setting up your design for generating CSS	441
Working with character styles and CSS code	444
Working with graphic styles and CSS code	446
Copying CSS	447
Exporting CSS	449
INDEX	452

GETTING STARTED

Adobe® Illustrator® CC is the industry-standard illustration application for print, multimedia, and online graphics. Whether you are a designer or a technical illustrator producing artwork for print publishing, an artist producing multimedia graphics, or a creator of web pages or online content, Adobe Illustrator offers you the tools you need to get professional-quality results.

About Classroom in a Book®

Adobe Illustrator CC Classroom in a Book® (2018 release) is part of the official training series for Adobe graphics and publishing software developed with the support of Adobe product experts. The features and exercises in this book are based on Illustrator CC (2018 release).

The lessons are designed so that you can learn at your own pace. If you're new to Adobe Illustrator, you'll learn the fundamentals you need to master to put the application to work. If you are an experienced user, you'll find that Classroom in a Book® teaches many advanced features, including tips and techniques for using the latest version of Adobe Illustrator.

Although each lesson provides step-by-step instructions for creating a specific project, there's room for exploration and experimentation. You can follow the book from start to finish or do only the lessons that correspond to your interests and needs. Each lesson concludes with a review section to quiz you on what was covered.

Prerequisites

Before beginning to use *Adobe Illustrator CC Classroom in a Book® (2018 release)*, you should have working knowledge of your computer and its operating system. Make sure that you know how to use the mouse and standard menus and commands and also how to open, save, and close files. If you need to review these techniques, see the printed or online documentation for macOS or Windows.
