|---------------------------------------------------------------------------------------------------------------------|------------|
| <b>Appendix: Statistical Tables</b><br>Barbara G. Tabachnick/Linda S. Fidell                                        | <b>1</b>   |
| <b>Appendix: Research Designs for Complete Examples</b><br>Barbara G. Tabachnick/Linda S. Fidell                    | <b>15</b>  |
| <b>Appendix: A Skimpy Introduction to Matrix Algebra</b><br>Barbara G. Tabachnick/Linda S. Fidell                   | <b>23</b>  |
| <b>1. Introduction</b><br>Barbara G. Tabachnick/Linda S. Fidell                                                     | <b>33</b>  |
| <b>2. A Guide to Statistical Techniques</b><br>Barbara G. Tabachnick/Linda S. Fidell                                | <b>49</b>  |
| <b>3. Review of Univariate and Bivariate Statistics</b><br>Barbara G. Tabachnick/Linda S. Fidell                    | <b>65</b>  |
| <b>4. Cleaning Up Your Act</b><br>Barbara G. Tabachnick/Linda S. Fidell                                             | <b>93</b>  |
| <b>5. Multiple Regression</b><br>Barbara G. Tabachnick/Linda S. Fidell                                              | <b>153</b> |
| <b>6. Analysis of Covariance</b><br>Barbara G. Tabachnick/Linda S. Fidell                                           | <b>235</b> |
| <b>7. Multivariate Analysis of Variance and Covariance</b><br>Barbara G. Tabachnick/Linda S. Fidell                 | <b>285</b> |
| <b>8. Profile Analysis: The Multivariate Approach to Repeated Measures</b><br>Barbara G. Tabachnick/Linda S. Fidell | <b>355</b> |
| <b>9. Discriminant Analysis</b><br>Barbara G. Tabachnick/Linda S. Fidell                                            | <b>419</b> |
| <b>10. Logistic Regression</b><br>Barbara G. Tabachnick/Linda S. Fidell                                             | <b>483</b> |
