PREFACE	13
ACKNOWLEDGMENTS	15
SYNOPSIS	15
ZOOGEOGRAPHICAL CONCLUSIONS	16
1. Rectification of the northern limits of the Southern African Subregion in the west	16
2. The discontinuous Northern and Southern African peri-tropical distribution of Tenebrionidae	17
TAXONOMIC RESULTS	18
Abbreviations	18
1. MOLURINI	19
a. <i>Trachynotina</i>	19
b. <i>Sepidiina</i>	39
Key to genera	39
The Angolan <i>Sepidiina</i>	52
c. <i>Oxurina</i>	54
Key to the species of <i>Namibomodes</i> KOCH	55
d. <i>Phanerotomeina</i>	58
e. <i>Molurina</i>	60
2. ADESMIINI	60
3. CRYPTOCHILINI	61
4. EURYCHORINI	63
5. ZOPHOSINI	63
Synopsis of the African genera	64
The Angolan Zophosini	81
<i>Zophosina</i>	81
Key to the species of <i>Microsis</i>	84
a. <i>Zophosis angolensis</i> group	85
Key to the Southern African groups of <i>Zophosis</i> having a depressed or foraminad bent apex of prosternal apophysis	86
Key to species	92
b. <i>Zophosis damarina</i> group (with key)	94
c. <i>Zophosis burkei</i> group	100
Key to the <i>burkei</i> -allied groups of Southern African <i>Zophosis</i>	101
d. <i>Zophosis puncticollis</i> group (with key).	108
e. <i>Zophosis alburai</i> group (with key)	112
f. <i>Zophosis elongata</i> group (with key)	114
g. <i>Zophosis pubescens</i> group	116
h. <i>Zophosis sexcostata</i> group	117
<i>Dactylocalcarina</i>	117
6. SCAURINI	118
7. CAENOCRYPTICINI, tribus nova	121
8. DROSOCHRINI (olim <i>Helopinini</i> vel <i>Micrantereini</i>)	133
Proposed change of name of tribe	134
Principal divisions of Drosochrini	134
Division of subtribe Drosochrina	145
Guide to the classification of groups in the Drosochrina	155
Diagnoses of new species of Drosochrini	157
PRELIMINARY DIAGNOSES OF EXTRA-ANGOLAN, SOUTHERN- AND EASTERN AFRICAN MOLURINI, FIGURED IN THE PRESENT PAPER	217
SUPPLEMENTARY NOTE ON THE SEPIDIINA GENUS <i>SEPIDIOPSIS</i> GESTRO	221
SYSTEMATIC INDEX	223
