

## CONTENTS

	PP.
INTRODUCTION .....	13
THANKS .....	15
CHAPTER I — Definitions :	
The Kalahari System .....	17
The Age of a Sandy Formation .....	17
CHAPTER II — A first Approximation of the Age of the Kalahari Sands .....	19
CHAPTER III — The various Levels in the Kalahari Sands .....	27
CHAPTER IV — Further Discussion of the Ages of the oldest Kalahari Sands C, and of the Redistributed Kalahari Sands I and II .....	35
CHAPTER V — The Archaeological Contents and the Sangoan Age of the Redistributed Kalahari Sands II .....	37
CHAPTER VI — Climatology of the Redistributed Kalahari Sands II .....	49
CHAPTER VII — Proto- and Lower Sangoan or Mining Facies of the Sangoan and later Cultures? .....	52
CHAPTER VIII — The Sangoan People .....	59
CHAPTER IX — Correlations .....	61

## List of maps

	PP.
I — General Map of N.-E. Angola .....	hors-texte
II — Geological Sketch-Map of the Camissombo Lowlands .....	do

## List of plates

I — Geological Section through the Camissombo Plateau .....	hors-texte
II — Section exposed in a prospecting Pit near Camissombo .....	25
III — Sketch summarizing differences between Kalahari Sand C and Redistributed Sands I and II .....	29
IV — Section exposed in 3m terrace at Mufo .....	50

## List of figures

1 — Silcrete boulder showing a conglomeratic facies .....	20
2 — Silcrete boulder showing a pseudo-conglomeratic facies .....	20
3 — Basal conglomerate of the Lunda beds .....	21
4 — Basal tillite of the Lower Lutôe .....	21
5 — Pebbles from fluvio-glacial conglomerate (Lutôe) .....	22
6 — Puddingstone of Luana Formation .....	22
7 — Camissombo Lowlands. General view .....	24
8 — Large silcrete boulder, inclined, on slope of Mufulo Hill .....	26
9 — Erosion circus at headwater springs of Kabambaie river, Kasai District, Belgian Congo .....	26
10 — Mount Muhala seen from Matala Hill .....	30
11 — Mufulo Hill seen from the road to Cossa Mine .....	30
12 — Quartz-quartzite-agate gravel layer, festooned .....	31
13-14 — Two views of the Musolexi open cast mine .....	36
15 — Two Acheulean bifaces .....	37
16 — Two pear-shaped Sangoan picks .....	39
17 — Spindle-shaped Sangoan picks .....	40
18 — Sangoan Tea-Cosies .....	40
19 — Large Sangoan circular scraper .....	41
20 — Sangoan truncated cones .....	42
21 — Sangoan chopper .....	43
22 — Sangoan bolas .....	44
23 — Sangoan Hammerstones .....	44
24 — Large Sangoan chisels .....	45
25 — Sangoan cores .....	46
26 — Typical Sangoan biface .....	46
27 — Two circular core-scrapers .....	47
28 — Upper Sangoan Dagger .....	48
29 — «Sangoan» pick found in a Lupemban assemblage .....	53
30 — Sangoan implements found at Musolexi below the Redistributed Kalahari Sands II .....	54
